

# Glass Globe Cloud Balloon Chandelier

---

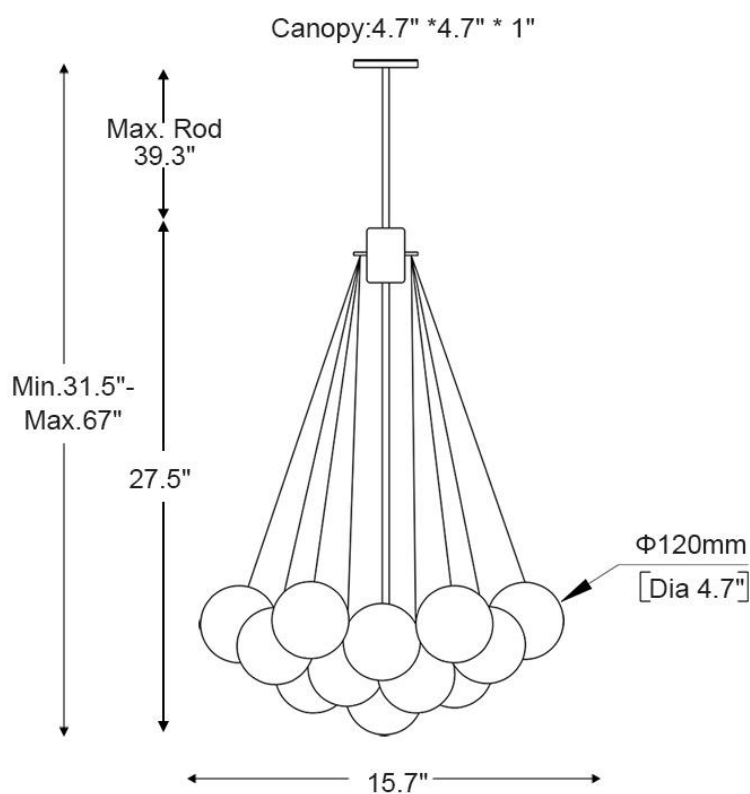

This glass bubble cloud chandelier, perfect for illuminating your dining room, bedroom, or staircase with a touch of elegance.

Chandelier Cloud is a light and airy group of cloud balls suspended on a brass or black base. Central light sources emit a soft glow that refracts through the surrounding cluster of balls.

This light fixture comes in six sizes and offers the option to choose between large or small glass balls, allowing you to tailor the fixture to your preferences.

We have equipped it with multiple suspension rods of different lengths to ensure that you can find the perfect fit for your space. If the provided rods do not meet your requirements, we offer the option to extend your suspension rod for free. With our customizable suspension system, you can adjust the height of your glass bubble cloud chandelier to create the perfect ambiance for any occasion.
