

SPECIFICATION SHEET

The lightness of soap bubbles has evolved into a metaphor for the intangible essence of light itself. Bolle, a series of lamps crafted from transparent glass, features brass bulbs suspended amidst spherical forms. This design not only illuminates the surrounding space but also infuses curved surfaces with light, creating a captivating interplay of reflections. Hand-blown by skilled Venetian artisans using the "a lume" technique, Bolle lamps exemplify a fusion of artistry and illumination.

Metals available in 4 finish colors

Brushed Brass

Brushed Bronze

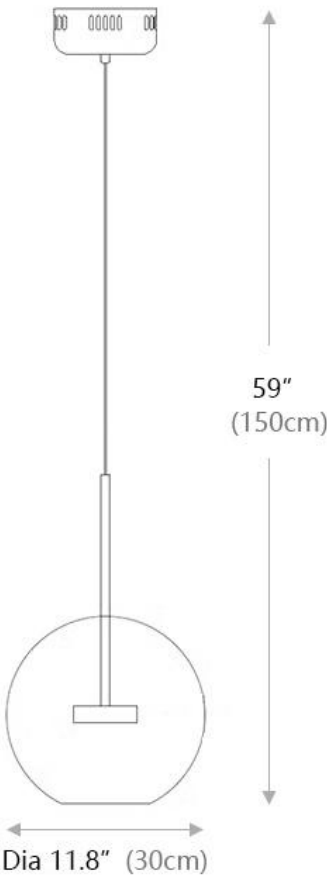

Blackened Brass

Brushed Nickel

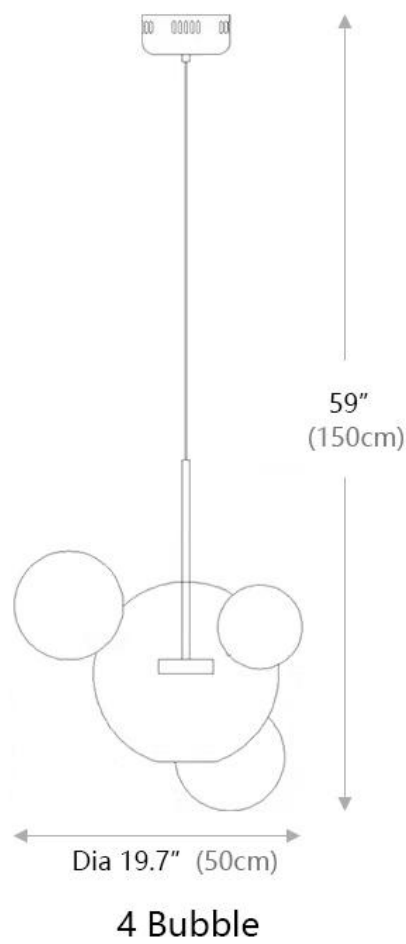

SPECIFICATION SHEET

1 Bubble

SHADE COLOR	Milky White	Technical Information+
